

**Accessibility,** a solution for every barrier

Platform lifts  
**CEDAS Silver** UPTO 1000 mm

# Silver

Trouble-free access, with the best standards of safety and versatility

The **Silver** platform lift is the ideal way of assuring the **ACCESSIBILITY** of:

**Private premises** (banks, restaurants, shops, offices ...)

**Public buildings** (schools, institutes, ....)

**Homes and residential buildings**

## EASY, SAFE

Easy installation and safety when use make Silver an ideal system for freedom of access to buildings of all types, assuring wheelchair users independent personal mobility.

## EXCELLENT CONSTRUCTION

Silver's outstanding features include a stainless steel structure, design with attention to every detail and state-of-the-art active and passive safety features, as well of course as the wellproven CEDAS mechanical drive systems.

The on-board and floor control panels are equipped with keys and can be used easily.

Silver is available with two travel distances: 800 mm and 1,000 mm.

## ADAPTS PERFECTLY TO ALL FUNCTIONAL AND AESTHETIC NEEDS

Silver does not require a pit of any kind, meaning installation is really tailored to the existing structures.

## PLUS:

CEDAS Warranty

Distribution network covering all areas

After-sales service

*Version with the straight exit*

Thanks to its electric lock, the gate is automatically opened when the platform reaches the top.

The standard protected pushbuttons, both on board and for calls at each floors, have keyed controls.

*Version with the gate with crystal glass*

# Silver
