Vehicle lifts

Vehicle platform **Lifts** BBC

BBC Lift

The BBC range platform lifts have been conceived to make the goods handling easy during the loading/unloading of commercial vehicles. This range of double arm lifts can solve many lifting problems especially on vehicles where proper loading devices cannot be installed. The BBC lifts have a strong and stable platform in patterned aluminium. There are 2 versions of this type of platform lifts.

The BBC models are activated by a cabled hand-set which is fitted inside the vehicle or by a cordless remote control, upon request. Its strong frame is suitable to lift up to kg 500.

BBC 120.90

Max capacity	500 kg
Weight	135 kg
Power	12v
Max pressure	140 bar
Altezza elevabile	1000 mm
Speed up (full charge)	5m/min
Speed down (full charge)	4m/min
Platform lifts	120 x 90 cm
Manual emergency pump	Yes

BBC 140.110

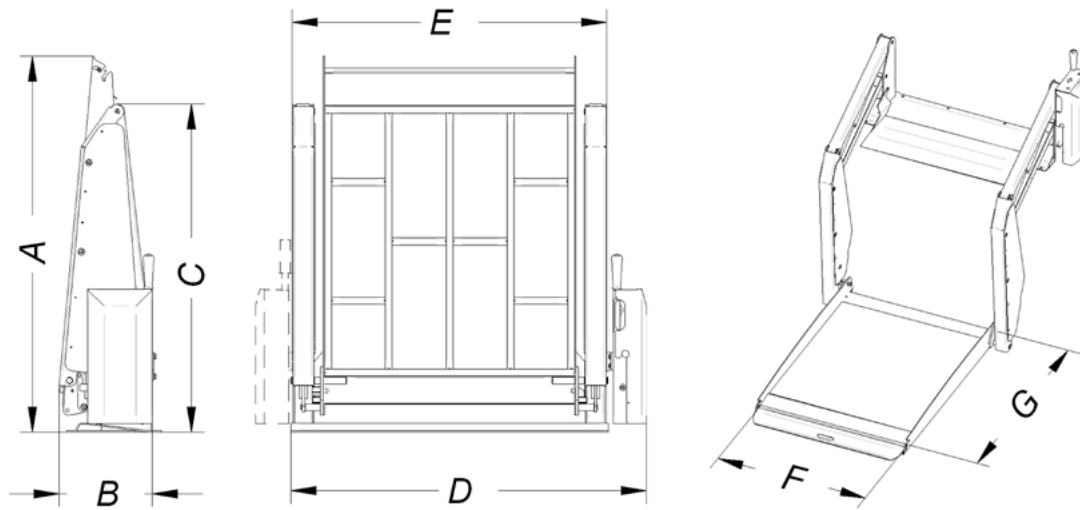

Max capacity	500 kg
Weight	145 kg
Power	12v
Max pressure	140 bar
Altezza elevabile	1000 mm
Speed up (full charge)	5m/min
Speed down (full charge)	4m/min
Platform lifts	140 x 110 cm
Manual emergency pump	Yes

SUGGESTED VEHICLES:

Fiat Ducato
Iveco Daily
Opel Vivaro
Opel Movano
Renault Master
